New Nurses' Uniforms With Detachable Panel Front

Special 5.00

As far as we know, this is the first time that these new uniforms have been shown in New York. The panel front style was suggested by a famous surgeon and has been adopted by many hospitals. The front of a uniform soils most quickly, and for that reason this new model has a loose apron panel which can be taken off, laundered and replaced, making the uniform appear as fresh and dainty as ever.

Uniforms are of good quality white jean. Sizes 34 to 44 - Model is illustrated.
